Dear Mr. Muhammad Sualeh Ahmad Faruqi

Greetings from Sustainable Development Policy Institute (SDPI) and Embassy of Denmark, Islamabad!

In the backdrop of global climate change and energy security concerns, green and sustainable development has become a top priority for developing countries such as Pakistan. Among global leaders who have efficiently addressed the climate and energy challenge, Denmark is one of the frontrunners.

To effectively address this challenge, SDPI and the Embassy of Denmark in Islamabad have initiated a project to facilitate the effective implementation of carbon markets in Pakistan. The project aims to address the current knowledge gaps and build capacity of the relevant stakeholders.

On behalf of partner organizations, we cordially invite you to nominate 2-3 representatives from your organization to attend the ToT workshop on “Implementation Framework & Regulatory Need Assessment for Carbon Markets in Pakistan” The 2-day event is scheduled for November 7-8 at Marriot Hotel, Islamabad. The concept note and tentative program of the event is attached along with this email.

Please feel free to reach out if any further information is required. We look forward to the nominations.

Best Regards,

Ubaid ur Rehman Zia
