Subject: - ~~IX International Economic Forum - Innovations, Investments, Perspectives~~

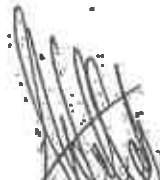

The Regional Executive Committee of Vitebsk Region of Belarus has conveyed an invitation for participation of Pakistani public bodies and private companies in IX International Economic Forum "Innovations. Investments. Perspectives", scheduled to take place from 02 - 03 December 2021 in Vitebsk.

2. Apprising of the scope of the Forum, they have stated "Digital economy. A driver of innovative development of the regions" as the main topic of the forum while the program will also include online video conferences, panel discussions on the key cooperation areas and virtual exhibition on the Internet platform. They have further informed that individual projects will be demonstrated and B2B negotiations will also take place (copy enclosed).

3. Since the forum presents a unique opportunity for getting acquainted with the emerging concepts of digital economy, futuristic technologies and exchange of ideas between the relevant experts, the Mission strongly proposes participation by the relevant public sector stakeholders and interested private companies. However, since the paucity of time delimits participation in person, the option of online attendance may kindly be considered as the format of choice.

4. The additional information about the forum and electronic registration of interested participants can be done either directly at the website [www.iipvit.by](http://www.iipvit.by) or by calling the Economy Committee of Vitebsk Region (+375(212) 48-21-48 , 22-63-02).

*With respectful regards*

  
(Muhammad Abdullah Amin)  
Head of Chancery
