Subject: EXBS Programme 2010-Train the Trainers Advanced Commodity Identification Training Workshop, 10-12 June 2010, Amman Jordan

1. As a follow-on to the CIT-Train the Trainers Workshop held in London in November of 2009, the US Government plans to hold Advanced Commodity Identification Training Workshop, 10-12 June 2010, Amman Jordan. The workshop will focus on in-depth training on identification techniques of Strategic Commodities related to nuclear, chemical and biological weapons and their delivery systems. Challenges of end use/end user assessment, applying technology controls, and secondary supplier network will also be addressed during the workshop.
2. Ministry of Commerce is requested for **two (02) nominations of officers (BPS 17-19 or equivalent only)** preferably those who have already received basic Training and have technical background. Qualification in Basic natural sciences/Engineering sciences is a prerequisite for the participant.
3. Since visa processing require a considerable time, it would be appreciated if nominations are received by the undersigned latest by 3 May 2010. Following information must also be forwarded alongwith the nomination:-
  - a. Date of Birth & Place of Birth
  - b. Designation
  - c. Passport No and validity, if held
  - d. Contact No and address
4. The US Government will arrange for air travel plus pocket money.
